Objective

Dedicated and Enthusiastic professional seeking entry-level position. Hoping to utilize my skills to become a great asset to the company.

Work Experience

Packer, Stacker, Dumper	September 2023 – Present
LEC Custom Product	Brampton, ON
<ul style="list-style-type: none">Dumping Shampoo Bottles: Involves unloading or transferring items, in this case, shampoo bottles, from box to hopper.Packing: Involves carefully and efficiently placing products, like the shampoo bottles, into appropriate packaging boxes for shipment. Need to focus on ensuring the goods are secure and protected during transportation. It usually requires to actively watch the quality of bottles.Making Skids or pallet: Assembling platforms on which goods can be stacked and transported. Usually involves arranging products on pallets, securing them, and preparing them for transportation.
